Excellent

Good

The library can be improved by including more updated books, journals, and digital resources to support teaching and research.

Basic facilities like drinking water and clean toilets must be provided.

Nil

Some times due to sudden announcements classes are interrupted., cleaning conditions are few points where some improvement may be done.Thanks

Lab should be update

All staff is very supportive, good environment

Improve lab work

A student-centric approach is needed alongwith focus on creative skills for hlistic Development. Teacher Student interactive Sessions are needed as an important measurw.

To manage online classes through recorded lectures for the irregular students of the college

More facilities should be there for performing experoments

अनुसंधान के लिए और प्रयास करेंगे

We should focus on class room teaching to improve attendance due to excessive engagement in other co curricular activities they are not showing interest in class.

Admission process should be easy

Wi Fi and digital resources should be Provided.

Ensuring professional development by fostering student -teacher interaction; promote critical thinking by incorporating visualisation in explaining complex or theoretical topics. As a teaching pedagogical measure, more focus on student -centric approach to create a holistic environment; & Seeking regular feedback from students for ascertaining the effectiveness of teaching methods.

Provide better teaching resources, regular faculty development programs, and a supportive academic environment to enhance teaching effectiveness.

Requires some improvement

Areas of improvement are-- provision of WiFi , washroom

Department should be given desktop and printers for the smooth functioning of the department work , smart classes and online information

Shikshakon ko ICT ki prashikshan ki avashyakta Hai

Increase in the mode of teaching tool such as use of Smart board.

Need ICT training for teachers

Need easy access to internet for researches

Improving teaching facilities in a college environment requires a blend of physical & digital upgrades and supportive infrastructure for faculty as well as students.

NEED TO TECHNICAL TRAINING FOR TEACHERS.

Need Efficient staff for Technical work....desktop with printer should be provided for the smooth functioning of the department.

There should taken step to improve the students attendance .so that a teacher could be taken class regularly

All very good.

Although the teaching experience in the college is positive and encouraging, improved access to updated teaching aids and digital resources would make classroom teaching more effective and engaging. Greater opportunities for research and academic collaboration, along with stronger library and reference support, would further benefit both teaching and research. An encouraging academic environment with better facilities for experimentation, innovation, and patent-oriented work would also greatly enhance professional growth and academic output.

Superb 👍

Wifi campus

Improve infrastructure facilities

There should be PPT projector in each class

No suggestions

CCL should be provided to all the faculty members equally

Good experience.

Greater use of innovative approaches, along with a stronger emphasis on application-based teaching and research activities, would be beneficial. Improved Wi-Fi facilities and an updated library would enhance our ability to effectively support and educate students.

Needs improvement in ICT infrastructure

To enhance the quality of education and professionally strengthen faculties, knowledge and training regarding innovations and new concepts should be provided.

Need better class rooms and equipped labs

Need measures for student engagement to improve their footfall in the college. Infrastructure and facilities need improvement.

some research journals are required for research purpose

In hand trainings of use of ICT & Research Tools as well Remote Sensing, GIS & Mapping should be organised for advancement of the faculty , keeping in mind the advance modules of the courses @NEP-2020.

No suggestion

I am satisfied.

My suggestion to improve my experience as a teacher is to build a positive connection with students and we should keep updating ourselves regularly

Wifi should be provided in the the college for students and teachers.

The communication system between administration and faculty members needs to be improved..

WiFi campus

"To improve the teaching experience, the college should integrate modern digital tools (Smart Classes) and organize regular faculty development workshops to keep educators updated with new pedagogical trends."

No

Providing better teaching aids, updated Lab equipments, group discussion and activities, regular workshops and training programs,a structured and fair feed back from students.
